

Hard015: measured observation poses and retained runtime evidence

Illustrative, post hoc outcome-selected pair · slots 001/002 · same scene seed 1395226981

Runtime field visualization; no camera image or reconstructed scene geometry.

Generic: view budget reached, no confirmed exact candidate. Ours: 3 confirmed; retrieval checks pass.

Ground presence is not collision freedom. White deficit cells: no validated support. Native grids and continuous anchors preserved.
